# WALLS

My name is Beth and I'm the owner of Gray Facepainting and Arts.

I've always painted and enjoyed creating art, so when my daughter was born I decorated the walls of her nursery with painted animals. This is when I realised I could be sharing my wall murals further afield, whether for a child, adult or for a commercial business.

Since then I have completed over 30 murals ranging from 2ft up to 20ft, from bedroom walls to the side of buildings, bike shelters even a burger van.
